

Conférencière invitée (2011-2016)

Scène internationale

- [1] 2009 - 2015 Annual workshop, International Continence Society (ICS) conference: *Pelvic floor exercise classes for aging women: a one-hour practical workshop*. I invite local physiotherapists to participate in the presentation, which has been given to 100-120 participants in a one-hour activity at the annual ICS conferences in San Francisco, Toronto, Edinburg, Beijing, Barcelona, Rio de Janeiro, Montreal, Canada.
- [2] 2011-2016 *Pelvic floor rehabilitation for pelviperineal pain*. PelviSuisse Annual Meeting, Interlaken, Switzerland.
- [3] 4/08/2011 *Conservative management of urinary incontinence in aging women: from avulsion assessment to pelvic floor exercise classes*. Pre-congress workshop, Annual Meeting of Colombian Urologic Society, Cartagena, Colombia.
- [4] 5/08/2011 *Evidence based conservative management of urinary incontinence in women*. Panamerican ICS educational course, Annual Meeting of Colombian Urologic Society, Cartagena, Colombia.
- [5] 5/08/2011 *Conservative management: to whom and how I do it?* Annual Meeting of Colombian Urologic Society, Cartagena, Colombia.
- [6] 27/08/2011 *Short-term adherence strategies in the treatment of urinary incontinence for the elderly*. State-of-the-science Conference Improving pelvic-floor-muscle training adherence strategies: from theory to practice. Organized by the International Continence Society, Physiotherapy Committee, Glasgow, Scotland.
- [7] 30/08/2011 *Pelvic floor exercise classes for urinary incontinence in aging women: How do they work?* Pre-conference workshop, International Continence Society meeting, Glasgow, Scotland.
- [8] 5/09/2012 International Urogynecology Association Annual Meeting, pre-conference Workshop *US for the PFM: more than a handy gizmo?* Title of address: *Study of the morphology of the pelvic floor muscles among continent and incontinent women aged 60 of over using perineal ultrasound*. Brisbane, Australia.

- [9] 18/10/2012 Meet the expert activity. (*pelvic floor rehabilitation for urinary incontinence*) International Continence Society 42nd Annual Meeting, Beijing, China.
- [10] 16/10/2012 *Determining the optimal physiotherapy treatment regimen for urinary incontinence using the evidence in evidence-based physical therapies for treating incontinence and pelvic organ prolapse in women*, Pre-conference workshop, International Continence Society, 42nd annual meeting, Beijing, China.
- [11] 2012bis-2013-2014 *Digital Palpation to Imaging: How do or should pelvic-floor-muscle evaluation tools influence physiotherapy practice?* Workshop Chair and lecturer, pre-conference workshop at the annual meeting of the International Continence Society (Barcelona, Spain, Beijing, and China; Rio de Janeiro, Brasil), and the 38th annual meeting of the International Uro-gynecological Association, Dublin, Ireland
- [12] 28/08/2013 Meet the expert (1-hour activity). International Continence Society (*Adherence to incontinence intervention*), 43rd Annual Meeting, Barcelona, Spain.
- [13] 26/08/2013 *Virtual reality and pelvic floor muscle training*. Pre-congress Physiotherapy 1-hour Round Table, Annual Meeting of the International Continence Society, Barcelona, Spain.
- [14] 23/07/2014 *Adherence theories in Prevention and Intervention of antenatal and post-partum urinary incontinence*. Workshop pré-congrès du Congrès annuel du International Uro-gynecological Association, Washington, USA.
- [15] 20/10/2014 *Results of the 2011 State-of-the-Science Seminar: Improving pelvic floor muscle training Adherence strategies*. International Continence Society Annual meeting, Physical therapy Round Table, Rio, Brazil.
- [16] 24/10/2014 *Bladder Control: Are there new strategies/alternatives? New techniques in Physical Therapy*. International Continence Society, 44th Annual Meeting, State of the art lecture, Rio de Janeiro, Brazil.
- [17] 01/11/2014 *Physiotherapy assessments of pelvic floor dysfunction in women*. Annual pelvisuisse-Symposium und Mitgliederversammlung «Physiotherapie-Assessments bei Beckenbodendysfunktion», Zurich, Switzerland.

- [18] 03/11/2014 *Physical therapy evaluation and treatment of pudendal neuralgia and pelvi-perineal pain* Somt University, Netherland, Amersfoort, The Netherland
- [19] 12/02/2015 *The canadian Research Chair's experience in pelvic floor rehabilitation research*, Workshop on invitation. Middlemore Hospital, Auckland, NZ
- [20] 17/02/2015 *Improving continence care in women: from dynamometry to virtual reality rehabilitation*. Seminar room, Auckland Biomedical Institute, Auckland, NZ
- [21] 27/03/2015 State of the art lecture: *Pelvic floor physiotherapy: Yesterday, today and Tomorrow*. United Kingdom Continence Society annual meeting, Aberdeen, UK.
- [22] 09/06/2015 *Understand the physiotherapeutic's assessment and treatment (also in the multidisciplinary setting) of pelvic pain in post-partum women. Pre-congress Workshop: Innovative Pelvic Floor Rehabilitation II: 'Peripartum Women Knocking' the Door-to-Door Concept*. Annual meeting of the International Urogynecological Association (IUGA 2015), June 9-11, 2015. Nice, France.
- [23] 16/06/2015 *Improving continence care in older women from dynamometry and imaging to virtual reality rehabilitation*. NMAHP Research Unit/Institute of Applied Health Research, Seminar Presentation. Glasgow, United Kingdom.
- [24] 28-29/08//2015 *Evidence based evaluation and treatment in pelvic floor rehabilitation*. National Conference in perineal and pelvic rehabilitation. Chilean Society of pelvic floor rehabilitation. Santiago, Chile.
- [25] 08/10/2015 *Strategies to improve adherence: application to PFMT*. International Continence Society Annual Scientific meeting, Montreal, Canada.
- [26] 25/11/2015 *Use of transperineal ultrasound in aging women with pelvic floor muscle dysfunction*. 24th National Conference in Incontinence, Pre-meeting Workshop: *Pelvic floor ultrasound scanning*, Melbourne, Australia.
- [27] 26/11/2015 Keynote speaker: *Citizen's jury, exploring patient's opinion on treatment options for incontinence and research priorities*, 24th National Conference in Incontinence, Melbourne, Australia.

- [28] 27/11/2015 Keynote speaker: *Innovations in conservative management of urinary incontinence in elderly women*, 24th National Conference in Incontinence, Melbourne, Australia.
- [29] 11/03/2016 *Urinary incontinence in aging women: from pathophysiology to innovation in physiotherapy management (practical workshop)*. Spring Congress NVFB 2016 The Bottom Upside Down, Utreck, Netherlands
- [30] 11/03/2016 *Urinary incontinence in aging women: from pathophysiology to innovation in physiotherapy management (workshop)*. Spring Congress NVFB 2016 The Bottom Upside Down, Utreck, Netherlands
- [31] 13/09/2016 *Evidences for adult conservative management or urinary incontinence. Report from the Conservative management committee of the International Consultation on Incontinence*. International Continence Society annual meeting, Japan.
- [32] 14/09/2016 *ICS Care Curriculum workshop. Conservative management of adult pelvic floor dysfunction; a physiotherapy approach*. International Continence Society annual meeting, Japan.

Scène nationale

- [1] 13-14/07/2011 *Physiotherapy Management of the Pregnant and Postpartum Patient: Tips & Exercises.* Pre-meeting workshop. Canadian Physiotherapy Association Meeting. (2011) Whistler, British Columbia, Canada.

- [2] 15/07/2011 *Can we “feel” with our fingers as well as we “see” with ultrasound?* Canadian Physiotherapy Association Annual Meeting. (2011) Whistler, British Columbia, Canada

- [3] 17/11/2012 *Applying Evidence In Practice, Part 2: Understanding research evidence and using it to inform your practice delivered in partnership with the Canadian Cochrane Center and Canadian Physiotherapy Association,* Webinar for the Canadian Physiotherapy Association, Montreal, Canada.

- [4] 19/09/2013 *Prevention and treatment of prenatal and postnatal urinary incontinence: An evidenced based overview of the physiotherapy literature.* Continuing medical education, Society of Obstetricians and Gynecologists of Canada, Tremblant, Québec.

- [5] 21/11/2014 *Adherence to Pelvic Floor Exercises.* Canadian Nurse Continence Advisor’s Biennial conference Transforming Continence Care, Hamilton, Canada.

Scène provinciale

- [1] 28/09/2012 *Les mesures non pharmacologiques pour traiter l'incontinence urinaire (atelier/discussion).* Conference of the Québec Center of Excellence for Aging. Quebec City, Canada.

- [2] 26/01/2013 *La rééducation périnéale, ça avance!* Perineal and Pelvic Rehabilitation Day organized by the Québec Professional Order of Physiotherapists.

- [3] 01/10/2013 *Histoire de réussite d'un ancien étudiant du réseau.* 13e édition des journées de recherche du Réseau Québécois de recherche en vieillissement du FRQS, Montréal, Canada.

- [4] 11/05/2016 *Transfert de connaissance et appropriation des savoirs découlant de CIMA-Q : comment assurer l'impact des découvertes CIMA-Q auprès des bénévoles et du public? Round Table No 2.* 2nd Edition of the Consortium for the early identification of Alzheimer's disease - Quebec (CIMA-Q) Science Day. Montreal, Canada.

- [5] 28/10/2016 Des stratégies pour améliorer l'adhésion aux traitements de réadaptation : de la théorie à la pratique. Physiothérapie 360, Ordre Professionnel de la physiothérapie du Québec. Laval, Canada

Scène locale

- [1] 15/04/2011 *La physiothérapie du plancher pelvien pour le traitement de l'incontinence urinaire chez les femmes souffrant d'ostéoporose : Résultats d'un ECR.* Research Day, Centre de recherche de l'Institut universitaire de gériatrie de Montréal (CRIUGM), Montreal.
- [2] 20/04/2012 *Traitement conservateur de l'incontinence urinaire.* Conference on dementia and urological issues among the elderly, Continuing Education, Faculty of Medicine, University of Montreal.
- [3] 12/12/2012 *Prévention et traitement de l'incontinence urinaire chez la femme: l'expérience montréalaise.* Department of Obstetrics and Gynecology, St. Luc Hospital, Montreal.
- [4] 29/01/2013 *Chaire de recherche Santé Urogynécologique et Vieillesse.* Discovery Day - technological plateaus in research, Centre de recherche de l'Institut universitaire de gériatrie de Montréal (CRIUGM), Montreal.
- [5] 13/02/2013 *Prevention and treatment of urinary incontinence in women.* Department of Obstetrics and Gynecology, St. Marys, Montreal.
- [6] 22/02/2013 *Prévention et traitement de l'incontinence urinaire chez la femme: l'expérience montréalaise,* Department of Obstetrics and Gynecology, St. Justine Hospital, Montreal.
- [7] 22/03/2013 *Le Jury Citoyen: Lorsque le patient participe activement aux choix de priorités de recherche. Knowledge transfer conference* organized by the Centre de recherche de l'Institut universitaire de gériatrie de Montréal (CRIUGM), Montreal.
- [8] 17/01/2014 *Santé des femmes et vieillissement: Jury citoyen, technologie et ECR:* Research and Aging Conference on current and intersectorial projects, University of Montreal.
- [9] 10/06/2014 *Comparer deux traitements de physiothérapie du plancher pelvien dans le traitement de l'incontinence urinaire chez la femme âgée de 60 ans et plus,* Family medicine department, University of Montreal Hospital Center, Montreal.
- [10] 30/09/2014 *Panneliste Spécialiste invitée lors d'un forum citoyen sur le thème : «Prenons le pouvoir sur notre vieillissement.»* Journée internationale des personnes âgées, IUGM, Montreal.

- [11] 02/10/2014 Conférence scientifique au conseil des médecins, dentistes et pharmaciens de l'IUGM. IUGM. Montréal.
- [12] 11/12/2014 Evidence based physiotherapy for urinary incontinence in women. Ground Rounds in obstetrics and gynecology. Royal Victoria Hospital, Montreal.
- [13] 22/10/2015 *Mon cursus pour devenir chercheur/directeur de laboratoire et directeur de chaire de recherche à l'IUGM.* Journée carrière de l'IUGM – Second Edition, Montréal, Canada.
- [14] 04/11/2015 *Exposé oral express : microprésentation sur ma programmation de recherche en santé urogynécologique et vieillissement.* Recherche en vieillissement de l'Université de Montréal – 2nd colloquium “Agir, réagir, interagir pour la recherche en vieillissement”, Montreal, Canada.
